

9:00 a.m.

Apr 13/18

①

- Come up to 1st - find out more info - respect to us.
- fact finding basis. - I'd like more info - more clarification. more - communications ^{with them} - Refresh Candy

[REDACTED] talk about process. issue not been given option by county to give our

- glad. it's happening - mini consult w/ residents.

Want it to happen - a solution to develop

- greet # people who want it - also understand

Small # of people ~~who don't~~ suggest and not want it going past their home - own noise.

- Specious argument. - Bright. besides track

- understand - if my property was beside trail
and I was concerned - can see there might

be some kind of difficulty

- didn't find there was a notion of compromise.

- If everybody had a community - tried.

didn't see evidence of that.

- what is your best compromise - to make a legacy
for community.

[REDACTED] on - problem were -

package. Whether. Once found out nothing on -

- barricades are a liability - impossible
to groom. - compromise - in favour.

(2)

[REDACTED] concerns hidden costs of trail. \$16,000 taxes

for tent camp. pile of work done to make

it multi-use - multi-use, multi-use, multi-use

[REDACTED] County can print money. every two slot . 200.0

[REDACTED] man given by county - No. help

problems related to - need of to trail

- \$140,000 / yr - getting now. more focus

on our fees not going up, to build/maintain

trail. - elevated areas. (\$40,000 low)

don't want to build much. - enough -

most closed and stigma puts us - but no one -

- explain cost factor - because you have

problems & bad road and

problems you don't even count them

whether or not add. route - all of these things

apply - liability still applies.

- equal cost to trip whether re-rate or not

- costs the same.

- snow melting - no fire.

- no optimal circumstances - stupid pricing all the

strengths - windows are shattered -

way of a - company - incorporated

②

③

plebes to - against for in - someone is going to
except what happens. (nowhere to go)

- not municipality's responsibility - trap slope - liability
- liability & cost for multi-use. - all of the above.
- that scares me. who covers liability?

- Cat speaks for club - ATV/ATC - lease so far assume liability. - deep pocket syndrome.
→ club - mun + county!

- fear - amount & types of users - speed - bucking / - not
not hearing. skiers.
- liability fear

and a power and position - shall
we've registered indemnification. - who says
County has liability

- mixed use - scares me. because of passing - width
wide enough to use 2. trails.

- elevations are crazy. - mountain top - 100 feet.
- can't back up.
- drop elevation - wider foot print
- greater calldit - cost to do - 15%

County - need to make trail - paper width -
enough - keeping

4

Probability - will come back to mind
Cost of ordering?

- Cycle grant - who pays - municipality - who - who pays. County - local & federal - some do it own equipment and tools -
 - off season - do we have one off season - short timeline - long gaps - period between
 - overall - turtles - run - do not like caravans cut build roads.
 - Madawaska - loop - longest trail - wet - difficult - paved trail - hard public -
 - nobody comes through here.
 - from Ottawa.. didn't need a raid trail to walk on!
 - paying for snowshoe clubs - pd by gear. \$1000 start snow at private trail
 - mandate - tributary in area. - OPP.
still have trails - good as park trails - go about 5000 -
tiny trail signs - mostly good -
a lot of layers - a lot of issues to take into
consideration
 - groups in each con. opposed to use as multi - purpose -
purpose - caravans

(5)

- do we wait it out & do we not - signed too - will
- sprung heels for a long time
- driviness - sounds like it of yrs before
met to purpose. - protests for a # of yrs
- no one is going to want to carry on because
special place not terribly involved - impacted
by neighbours.
- resolution.
- what will it take to compromise to get consensus
- liability - ms. - claims lots of things
- horse-speed - those issues.
- before we look at whole issue strategy etc

object - valid too - will

- not going to make a decision
- can solve our own problems and isn't
- can offer what we have as working model.
- it is achievable, in fact - most useful
possible but based on - think

good forum for thinking things out -
discussions planning how to work

substantive issues. - people through staircase.
members of community - need to -

- one wants - cycling / skiing.
 - neighbour - object against it won't
 - good buddies. - diversionary

(6)

- cost benefit - b value added to this com.

- tax base will improve - consumers

- analysis. to do - very difficult

- lose business. if this option it is on

business - business plan. For every large

businesses can measure - states quo

- 7 days - increase.

in capitals - generally at capacity now take
wide columns.

where is added value - 20% - million

what potentially? - cities to start in infd

- rent bikes - stable.

- idea how can comp. benefit - no. of

- houses - 100km roads can walk on

- don't - no dead end roads

- specs private property. Crown land anybody accessible.

- Crown Land - 2009 initiated D.L.

- tax base. - communal vs individual.

- crown lands - there are - 100

more exposure - more people interested,

money here -

£1 billion 3000 =

(2)

(7)

- we drift have met business - capacity - \$1M
- trailer - this is place \approx snow. no - effort
no problem I parked most cars find
- for years they hasn't had snow \Rightarrow I started
ATV - here their own trails
- have to stay on trails. small no hole not
- wait come up for ATVs - now off road no
- summer more for hunting in fall to shot birds
- run in spring
- Summer not as much in late - up to 50% - still
to end

- do you use trails here

plains not around no - around - not
cross land rocks etc. as a short as

- maintained? - don't no problem - with
below - tell - see no time

- off season - we maintain - clear trails.

problems don't solve so no top - not
this some trail as snow hole. to open

- Rot Lakes, Froese, MC Creek to see - good
buy trail pass. -

- trail passes. -

expensive part - turn off back at beginning km - 15.8

- not a fan of ATV clubs. big eastern - too much private

(8)

- don't need trail pass to go fishing - trails - on Crown land
- Can't stop from hunting / fishing on Recreational comp.

South Owl Haven - horse buggies tracks! on highway - snowy road. maybe we should look at sharing trail.

Pat Elgin - old railbed - some unchanged - Some act.

Concessions - am snowshoer. on skiing on trail is an idiot.

- Snowshoing on trail.
- can see - flat. graded.
- got on a skidoo trail mindfully vigilant from X to Y - you shldt be here.
- use at own risk, - not useable.
- where multi use starts ends
- not opposed to development - have unique concerns addressed.

(9)

[REDACTED] what landscape would look like. cliff? [REDACTED]

[REDACTED] precedent cases. My art plan.

[REDACTED] - Skidoo club.

- whole trail - 12 maths - ideas.

- how will it work - acceptable to most people.

[REDACTED] - [REDACTED]

[REDACTED] -- switch to bikes.

- trail side to summer. ATV traffic.

P

St. Paul did good before suspension tests - didn't

run very fast - even though - with

data analysis - rule

reduces - about 6% - most likely -

decrease of resistance - show the flow went -

- about 10% - which

period of time - rule

affected with numbers of data used -
