Mr. Pat Charbonneau
[REDACTED]

Re: Property on Harvey Creek Road

Good day Mr. Charbonneau

It has come to the attention of municipal administration that over the years you have continued to groom the unopened road allowance adjacent to your property on Harvey Creek Road in Mackey by cutting grass and creating a lawn. It is our understanding that you have been using municipal property despite the letter sent in 2006, a copy of which is enclosed for your reference.

Please be advised that such use of municipal property by a private property owner is not permitted.

Further, this situation has been brought to our attention due to a recent decision by Council to provide access to the Ottawa River by the public along this unopened road allowance.

Please be advised that municipal staff and contractors will be working on this municipal property in the near future as per the decision of council made at their meeting on Tuesday, June 20, 2018 to widen the access and create a parking spot for the public. A copy of the resolution has been copied and pasted below for your information. If you have any questions, please do not hesitate to contact me.

Respectfully, and on behalf of Council,

Melinda Reith, D.M.M. AMCTO
Municipal Clerk and CAO

attention ,,,,,,

Ms. Melinda Reith ,

My letter today pertains to council passing a motion to widen the access and create parking spots for the general public

to use a beach area on Harvey Creek Road . As a property owner on Harvey Creek I find this passing of council very disappointing and unprofessional .

Every resident living on this road should have being notified prior to the passing of this resolution.

I shall be representing a delegation and request to be on your September 11th agenda . We will also be present on September 5th to discuss with

new candidates our position and hearing their thoughts relative to this matter .

In closing I shall only say this is a very serious issue and sweeping it under the carpet and not informing any of the residents is unacceptable .

Please confirm by email acceptance of this letter .

Sincerely ,

→ Paul Cotey

To Council Members of Head, Clara and Maria Township

We, the residents of Harvey Creek Road are totally opposed to your resolution regarding any widening and creating a public access to the Ottawa River.

In our opinion this decision will only increase traffic flow, more garbage for the residents to pick up, and most of all devalue our properties.

All we ask is there NOT to be a public Access placed on the road.

Please consider this request.

Sincerely,

Residents of Harvey Creek Rd.
